

Attention Slugs!

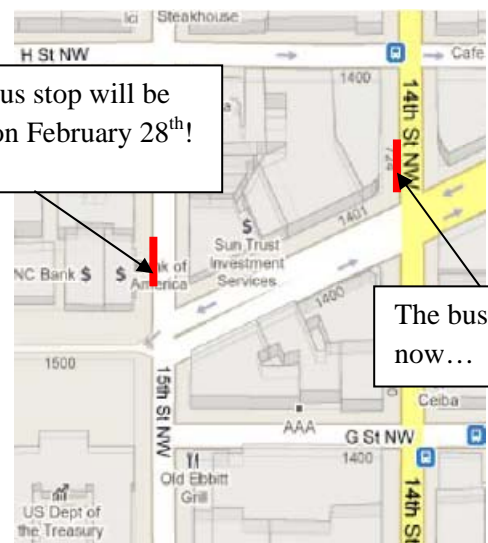

Location Change

In response to feedback regarding the trial slugging location at 15th Street and New York Avenue, and in an ongoing effort to provide safe and convenient locations for slugging activity, the District Department of Transportation (DDOT) will be establishing a new location for vehicles to stop and pick-up passengers.

STARTING ON FEBRUARY 28TH, 2011, THE CURRENT SLUGGING LOCATION ON 15TH ST. BETWEEN H ST. AND NEW YORK AVE. NW WILL MOVE TO NEW YORK AVE. BETWEEN 15TH ST. AND 14TH ST. NW.

New Slugging Location

New PRTC/Omniride Commuter Bus Stop

Passengers can be picked up between **3:30pm** and **6:00pm** at the new location. DDOT personnel will be on site on February 28th to provide assistance. If you have any questions please contact the District Department of Transportation at (202) 671-0682 or visit www.slug-lines.com for more information.

DDOT has worked closely with PRTC (Omniride) to provide commuter bus service close to the new slugging location. As a result, the Omniride commuter bus routes that currently serve the 14th Street and New York Avenue location will be relocated to 15th Street at New York Avenue beginning on February 28th. Omniride buses will no longer stop at 14th Street and New York Avenue after this date. If you have any questions about these changes please visit www.prtctransit.org.

The Metropolitan Police Department (MPD), Department of Public Works (DPW) and the District Department of Transportation (DDOT) will be enforcing the “No Stopping, Standing, or Parking” restrictions for passenger vehicles along both 14th Street and 15th Street between H Street and New York Avenue. Violators will be ticketed.
