

DO YOU SLUG?

To and From the MARK CENTER

Starting a distribution list is the best way for us to make this work for our commute.

We will manage a Distribution list MarkCenterSluggers@whs.mil, Please email the distribution list and we will ensure you are added to the list.

When you need a ride or riders you can email out to the entire distribution list. The time you are leaving and where you are going. People that have the same need will respond back to only you and from there the two of you can coordinate a meeting location and describe yourself to each other.

This will also help you to establish relationships with others in the building that are coming from the same place you are and maybe you can coordinate the ride to work.
